### **New Congressional Districts**

The new Congressional Districts map has recently been approved. The new map divides Burr Ridge into two Congressional Districts, the 6<sup>th</sup> and the 11<sup>th</sup>, with the dividing line being Plainfield Road. It should also be pointed out that a few properties in Burr Ridge, located on the east side of Wolf Road, are located in the 3<sup>rd</sup> Congressional District.

### **General Assembly Passes Energy Infrastructure Modernization Bill**

Although the Governor has yet to sign the bill, the General Assembly has passed a bill that will provide funding for the implementation of a Smart Grid System. As past Chairman of the DuPage Mayors and Managers Conference Regulatory Issues Committee, I have been following this bill carefully and, although improvements were made, not everything that we were looking for in terms of reliability were included in the bill. The Governor has also indicated his concerns regarding the bill and it is hoped that he will amendatorily veto the bill and add additional language that may be more favorable to municipalities. The DMMC will be sending the Governor a letter outlining remaining concerns, in hopes that our views will be added to his veto message.

### **Bids for Street Light Electricity Received**

The Village recently participated in the 2011 Northern Illinois Municipal Electric Collaborative (NIMEC) Street Light Bid. Two bids were received from Exelon and NextEra. The Exelon rate is 3.5% lower than the current Commonwealth Edison rate and is 13% lower than the rate we are currently paying. In order to approve this bid price, I had to sign an agreement with Exelon today.
